#### 8.I. Getting Started

##### Visioning activity

*Please list statements and themes from your meeting here. Please use bullet points:*

Did not record notes from this activity.

#### 8.II. Clarifying and Building on Plan Elements

##### CCELP Element: M. Workforce Development

*Prioritizing question. Please list responses to prioritizing CCELP Element here. Please use bullet points:*

1. M.13. Ensure broad availability of college courses and professional development...
2. M.2. Set higher compensation levels for ECE teachers if ECE teacher education standards...
3. M.5. Pay attention to the content and quality of the degree program and the context...

##### Additional Comments:

1. M2 is needed
2. M5 - faculty needs to understand what is needed into the working field. This would help the workforce be ready to work.
3. M13 - for all educators, not just infant and toddler.
4. This is not just for infant/toddler caregivers - ALL ECE educators.
5. Elements M19 - M23: We felt were discussions we need to have with higher education as active practitioners, but we should not fund them. Higher education's mission is for workforce development - they should be reaching out to us (the working field) as to what is needed. We know that the child development major department in many colleges is "not as important", but if we initiate the conversations with the administration of the higher education programs, it will cost us less overall.
